Business Experience

Absolute Software
Vancouver, British Columbia

Web Designer, October 2007 – July 2010

Responsibilities included maintenance of the all the company's websites, along with creation of new promotions and landing pages. Was instrumental in the redesign of the company website to support new products and 11 languages. Developed internal community involving user groups for each department with blogging, media, forum and wiki capabilities. Also worked on a new Partner Portal that involved singler user login, developed the registration process, and information architecture.

Anthem Web Services
Saltspring Island, British Columbia

Web Developer, June 2007 – September 2008

Several flash and graphic design projects for Megadeth.com.

Bristol Group
St. John's, Newfoundland

Junior Graphic Designer, January 2007 – June 2007

Production design of multi-lingual projects including forms, brochures, billboards and credit cards. Mechanical duties including cutting, scoring, and assembling final projects.

Bluedrop Performance Learning
St. John's, Newfoundland

Web Developer, 2006 – 2007

Designed and developed e-learning website for Canadian Food Inspection Agency.

Johnson Geo Centre
St. John's, Newfoundland

Web Developer, June 2006 – August 2006

Developed the Geo Gifts website and e-newsletter displaying products offered in Gift Shop. Involved product photography, front end development and content management system.

AppleCore Interactive
St. John's, Newfoundland

Web Developer, April 2005 – August 2005

Maintained websites, e-newsletter and search engine optimization.
